

KINGMAN ISLAND BAT WALKS

Join wildlife biologists, from the Department of Energy & Environment for a special "bat walk" to discuss local DC bats.

Friday,
August 9, 2019

7:30 - 9:00 pm

Kingman Island
Benning Rd. NE
Washington, DC

living
classrooms learning
by doing

Find out how bats navigate the night skies, avoiding predators and catching insects on the wing.

Test out electronic bat detectors that pick up the ultrasonic calls that bats emit to navigate the darkness.

Come see live bats fly around Kingman and Heritage Island.

If you have any questions and to register, contact:

lindsay.rohrbaugh@dc.gov or
catherine.fox@dc.gov

*Space is limited to 20 people
(ages 16 and up)*
