Green Fashion Show

See Vintage At Its Best

Thursday, April 18, 2013

11:30am to 1:30pm

Union Station East Hall

(Union Station Metro Stop)

When we re-use and redistribute gently used clothing, we help reduce the impact of harmful global repercussions from manufacturing.

Vintage clothing helps to reduce our carbon foot print, and also looks great at reduced prices!

For these reasons - in recognition of Earth Day 2013 -
your District Department of the Environment (DDOE) -
in concert with Union Station - is Putting on the Ritz!
