

You are invited to the Department of Energy and Environment's
GreenWrench Summer Workshop

Tuesday, July 12, 2022
11:00am to 1:00pm

This Summer workshop will provide environmental technical assistance, tools, and best practices for the District's automotive industry. This workshop will be held at the Department of For-Hire Vehicles (DFHV), located at 2235 Shannon Place SE, Washington, DC.

This workshop will also outline the steps to certify your location as an official **GreenWrench Certified Auto Body and Repair Shop**. This designation may attract new customers who are looking for an auto shop that follows sustainable practices in their community.

Participants who attend in-person will receive a **Certificate of Attendance** and **swag bag** containing eco-friendly products. Coffee and snacks will also be available to attendees.

The workshop is free, but registration is required. To register, go to <https://doee.dc.gov/event/greenwrench-summer-workshop>.

Questions? Contact Robera Tasissa at Robera.tasissa@dc.gov or (202) 430-0156.
