

**GOVERNMENT OF THE DISTRICT OF COLUMBIA
DEPARTMENT OF THE ENVIRONMENT**

**APPLICATION FOR VESTING STATUS
UNDER CHAPTER 5 OF TITLE 21 OF THE DISTRICT OF COLUMBIA
MUNICIPAL REGULATIONS DCMR §§ 552.2-552.3**

Address: _____

Square: _____ Parcel: _____ Lot: _____

1. Select the project submission type that you believe vests the project:

- ☐ **Building (B) Permit-**A Stormwater Management Plan (SWMP) submission as a part of a complete building permit application
- ☐ **Foundations to Grade (FD) Permit-**A SWMP submission as a part of a complete foundation to grade permit application
- ☐ **Civil (BCIV) Permit-**A SWMP submission as a part of a complete civil permit application, where the project will not subsequently require a building permit
- ☐ **Multi-Phased Project-** A multi-phased project in which stormwater infrastructure and BMPs are installed in compliance with a SWMP approved by DDOE during an earlier phase of construction
- ☐ **Advance Design (AD)-** An Advanced Design (AD) submission for which approval has not expired, described in one of the following [21 DCMR §552.4]:
 - ☐ Stage Two (2) Planned Unit Development (PUD) application to the District Zoning Commission
 - ☐ Application for design review under the Capitol Gateway Overlay District to the District Zoning Commission
 - ☐ Final design submission to the National Capital Planning Commission (NCPC)

2. Identify under what transition period you submitted the project:

- ☐ **Transition Period 1 (TP1)-** Projects submitted through January 15, 2014
 - Project shall comply with stormwater regulations in place before the 2013 Stormwater Rule
- ☐ **Transition Period 2 (TP2A)-** Projects submitted from January 15, 2014 through January 15, 2015
 - Project shall comply with the 2013 Stormwater Rule
 - Minimum on-site retention requirement waived (the entire retention volume may be achieved off site)
 - Minimum on-site treatment is required per the 2013 Stormwater Rule, as applicable
- ☐ **Transition Period 2 (TP2B)-** Projects submitted from January 15, 2014 through July 14, 2015
 - Project shall comply with the 2013 Stormwater Rule
 - Minimum on-site retention requirement is waived (the entire retention volume may be achieved off site)
 - Minimum on-site treatment is required per the 2013 Stormwater Rule, as applicable

3. If applying for vesting under a specific transition period, attach the application and approval documents vesting the project under the identified transition period. Submit documentation that the approval is active. Provide specific references to both the property and the public right-of-way.
4. If applying for relief from the minimum on-site retention requirement;
- a. Identify the commission or board approval that conflicts with the installation of a retention BMP:
 - ☐ Historic Preservation Review Board concept review
 - ☐ Commission on Fine Arts concept review
 - ☐ National Capital Planning Commission preliminary or final design submission
 - ☐ Board of Zoning Adjustment variance or special exception
 - ☐ District Office of Planning large tract review
 - ☐ Not Applicable
 - b. Prepare a memo, with references to the application and approval documents, citing specific language or sections in the commission approval that conflict with the installation of stormwater BMPs and/or land cover changes. Be sure to address both the property and the public right-of-way.
