VI. COMMENTS

The comments section should be used to note additional information discovered or actions taken during functionality testing that affect compliance at the facility. For example, include comments concerning any observations made by the tester that would affect the test results.

Include actions taken to repair or replace failed devices.

If additional comment sheets are needed, label each sheet with the report header information and attach the sheet(s) to the back of this form.

VII. SITE DRAWING

Provide a detailed site drawing of the applicable UST(s), product piping, and containment structure layout in the space below (or attach a detailed site drawing prepared on a separate sheet). Any other pertinent information should also be included.

VII. OWNER'S REPRESENTATIVE CERTIFICATION
