- Safeguard your home against flooding
- Increase your property's value
- Reduce the presence of mosquitoes
- Protect the District's local streams

The District Department of the Environment (DDOE) will help you install these green features on your property:

- Rain Gardens
- BayScaping
- Rain Barrels
- Shade Trees
- Remove unwanted concrete drive ways and patios and replace with gardens, more lawn or pervious paver patios and/or driveways

ALL FOR ONLY A FRACTION OF THE COST!
