LEAD

Are You a Painter or Construction Worker?

You might have contact with lead in dust, paint, or dirt.
Lead can damage the brain and nervous system of children.
Don't bring lead home.

- ▶ Use a doormat outside your door.
- ▶ Take off your shoes before going inside.
- ▶ Change your clothing right after you finish work.
- ▶ Shower after work.
- ▶ Wash work clothing separately from the family's clothing.
- ▶ Clean dirty tools & equipment before bringing them home.
- ▶ Keep tools and equipment out of the home if possible.

For more information about how to keep your family safe from lead, visit: doee.dc.gov/lead or call (202) 535-2600.
