

District of Columbia Clean Water Construction-State Revolving Fund (CWC-SRF) Site Summary

Schoolyard and Parkland Stormwater Retrofits			Grant Funding Year(s) FY2014 & FY2018	
Benning Park Recreation Center			Lead Agency DOEE	
			Project Type Design/Construction	
Infrastructure Type Green	Project Category School/Recreational Facility Retrofit	Address 5100 Southern Avenue SE		Status Construction
Design Start/End November 2018 – Summer 2020		Construction Start/End October 2020 – December 2020 (estimated)		
Objective Fully retrofit the targeted, untreated, one-acre impervious area with green infrastructure to restore natural hydrology, prevent erosion, reduce stormwater pollution and protect and enhance surrounding wildlife habitats.				
Outputs <ul style="list-style-type: none">• Designs and permits• Installation of a low-flow conveyance channel• Replacement of a street stub with a 5-foot path to the recreation facility• 2 bioretention basins and a meadow planted with 2,250 native grass and wildflower plugs• 11 trees and 577 shrubs planted on site				
Sewershed MS4	Watershed Anacostia River	Subwatershed Anacostia River	Ward 7	
Outcomes				
Stormwater Treatment Volume	Contributing Drainage Area	Impervious Surface Removed	Trees Planted	Linear Stream Feet Restored
49,181 gallons	116,316 ft ²	2,864 ft ²	11	n/a

Preconstruction

Impervious area facing path to open field

Location of BMP 1 along slope facing NE

Location of BMP 1 along slope facing SE

Lower basketball court and inlet

Lower basketball court inlet

Open field area to the west

Planter gardens in tennis courts

Potential access location off of G St SE

Swale between impervious area and tennis courts

Swale to the south of the tennis courts

Tennis court curb and inlet

Tennis court inlet
