DOEE TO HOLD PUBLIC MEETING ON ANACOSTIA RIVER CLEAN UP ACTIVITIES

WASHINGTON, DC – April 13, 2016 — In March 2016, the Department of Energy and Environment (DOEE) released the Anacostia River Sediment Project [Draft Phase One Remedial Investigation Report](#), representing a significant milestone in the District's efforts to address contamination in the Anacostia River. The goal of the remedial investigation is to confirm the extent and location of contamination in the river, and to evaluate potential risks contaminants pose to human health and the environment.

The Draft Phase One Remedial Investigation Report is [now available for public review and comment](#). As part of DOEE's commitment to promoting open dialogue and keeping the public informed throughout the life of this project, the agency will hold a public meeting on April 20 to present the report's findings and to provide an update on current and future clean-up activities.

WHO: Department of Energy & Environment

WHAT: Public Meeting:
Anacostia River Sediment Project
Draft Phase One Remedial Investigation Report

WHEN: Wednesday, April 20, 2016, 6:30-7:30PM

WHERE: Earth Conservation Corps Pump House
1520 First Street SE, Washington, DC 20003

WHY: Come hear the latest updates on what the District and its partners are doing to address contamination in the Anacostia River.
