## **SECTION 1. GENERAL INFORMATION**

### **1.1 Introduction**

The Department of Energy and Environment (“DOEE”) solicits grant applications from eligible entities (called “Applicants”). The goals of this Request for Applications (RFA) are to improve and restore native mussel populations to the Anacostia River. Objectives include determining the effectiveness of native mussels in cleaning District waterways, educating 400 young people on the importance of freshwater mussels in the ecosystem, and developing a freshwater mussel restoration plan for the District. The grantee will perform a multi-year scientific study and mussel “farming” effort, report on its progress and results, coordinate its work with an educational program, and inform the public.

The Anacostia River and its tributaries formerly had a healthy population of native freshwater mussels that helped to filter water in the streams and river while also providing food for animals living on the river. Due to urbanization and poor water quality conditions the mussel populations plummeted. Recent efforts to clean the River and restore tributaries have created conditions where mussels can survive once again. This project aims to increase native freshwater mussel populations, expand education activities about the ecosystem services of mussels, improve water quality conditions, and develop a native freshwater mussel restoration plan for the District.

The following programs or offices of DOEE are administering this RFA: Watershed Protection Division - Restoration Branch (WPD).

### **1.2 Purpose of the Grants**

The purpose of this RFA is to find a grantee that can cost-effectively and relatively rapidly increase native freshwater mussel populations in the Anacostia River and associated tributaries, improve water quality, and increase the knowledge of area youth about the overall importance fresh water mussels have on watershed health. DOEE is a recipient of a grant from the National Fish and Wildlife Foundation for this effort. DOEE seeks to subgrant to an entity that has the experience, capacity, and technical knowledge to carry out this purpose.

### **1.3 Source of Funds**

The sources of funds for the grant are:

- District of Columbia Anacostia River Clean Up and Protection Fund
- National Fish and Wildlife Foundation (NFWF)

### **1.4 Competition for a Grant Award**

This RFA is competitive. Each Applicant must demonstrate its ability to carry out the activities for the grant for which it applies (called a “project”). A review panel will evaluate the

applications for each advertised grant according to the stated list of criteria in each project’s description. The proposal/s with the highest score/s will be awarded the grant.

Specifically, grant awards will be made based on eligibility (Section 1.6), the extent to which the proposed project fits within the scope and available funding of the grant, strength of the application, and the organization’s capacity to achieve the grant’s goals.

Each Applicant may submit an application for more than one project, if applicable. If an Applicant responds to more than one project, it must do so in a separate proposal and submit all corresponding required documents.

### **1.5 Projects and Funds Available**

DOEE seeks applications for:

Project Name	Project Amount
Mussel Restoration	\$400,000

### **1.6 Eligibility**

The following are eligible to apply if an “x” appears:

- Nonprofit organizations, including those with IRS 501(c)(3) or 501(c)(4) determinations;
- Faith-based organizations;
- Government agencies;
- Universities/educational institutions; and
- Private Enterprises.

Continuing conditions of eligibility are that the information in the application is complete and truthful and that the Applicant at all times is able to meet any material conditions stated in its application. For instance, if an Applicant’s ability to fulfill the terms of the grant is based on the availability of skilled staff and those staff should leave after the application’s submittal or the grant award to the Applicant, the Applicant has the responsibility to advise DOEE in writing of this change in material conditions. Another example of change in material conditions that could result in the loss of eligibility would be the loss of the Applicant’s tax-exempt status.

An informational meeting/conference call and opportunity for question and answers will be held on May 7, 2019 at 10:00 AM

The location of the meeting will be:

1200 First ST NE

Washington, DC 20002  
Fifth Floor  
The call number is 866-830-5784 and the participant code is 6971510

## **1.7 Definitions**

**District** - The District of Columbia.

**Grantee** - The person provided a grant by the District, including a sub-grantee.

**Person** - A natural person or a legal entity, including a partnership, firm, association, joint venture, public or private corporation, trust, estate, commission, board, public or private institution, cooperative, the District government and its agencies, and the federal government and its agencies.

**Writing** - A tangible or electronic record of a communication or representation, including handwriting, typewriting, printing, photostat, fax, photography, word processing computer output, and e-mail. A "signed" writing includes an electronic symbol or process attached to, or logically associated with a writing, and executed or adopted by a person with the intent to sign the writing.

## **1.8 Permissible Use of Grant Funds**

A Grantee may use grant funds only for allowable grant project expenditures. Grant funds related to work performed will be provided on a reimbursement basis, except that an advance of funds may be provided for grant administration expenses in limited circumstances for good cause approved by DOEE at its sole discretion.

## **1.9 Grant Monitoring**

In its sole discretion, DOEE may use several methods to monitor the grant, including site visits, periodic financial reports and the collection of performance data. Each grant is subject to audit.

## **1.10 General Terms and Conditions**

Appendix 1, "General Terms and Conditions" is incorporated by reference in this RFA. Applicants and Grantees must comply with any and all applicable terms and conditions outlined in Appendix 1.

## **1.11 RFA Conditions - Promises, Certifications, Assertions, and Assurances**

Appendix 2, "Applicant's Promises, Certifications, and Assurances" ("PCA"), is incorporated by reference in this RFA.

### **1.12 DOEE's Authority to Make Grants**

DOEE has grant-making authority under:

- The Renewable Energy Portfolio Standard Act of 2004 (D.C. Law 15-340, D.C. Official Code §§ 34-1431-40), including § 34-1436(b) and (c)
- The Water Pollution Control Act of 1984, effective March 16, 1985, as amended, (D.C. Law 5-188; D.C. Official Code § 8-103.01 *et seq.*);
- The District Department of the Environment Establishment Act of 2005, effective February 15, 2006, as amended, (D.C. Law 16-51, D.C. Official Code § 8-151.01 *et seq.*);
- The Comprehensive Stormwater Management Enhancement Amendment Act of 2008, effective March 25, 2009, (D.C. Law 17-371; D.C. Official Code § 8-152.01 *et seq.*); and
- Other applicable laws and regulations.

### **1.13 Conflicts between RFA and Applicable Law**

If any requirement of this RFA conflicts with a provision of any applicable law, including a District or federal law or regulation, the applicable legal provision shall control.

## **SECTION 2. SUBMISSION OF APPLICATION**

### **2.1 RFA Release Date**

The release date of this RFA is 4/26/2019.

### **2.2 Obtaining a Copy of the RFA**

A person may obtain a copy of this RFA at [doee.dc.gov](http://doee.dc.gov) or by requesting a copy through any of the methods listed in Section 2.6. Please add to any note the heading “RE: RFA 2019-1913-WPD.”

### **2.3 Applications: When, What, and Where**

**When:** All applications must be received at the address below by 4:30 PM on 5/28/2019.

Applications will be dated and recorded as “received” pending review by DOEE for completeness. DOEE considers an application to be “filed” only if all the required materials are submitted. Late or incomplete applications will be considered received, not filed.

**What:** The contents of the Application are specified in Section 3. Each applicant must submit:

Five paper copies of the application; and

One electronic copy.

The Department will not receive faxed copies.

**Where:** The paper copies must be filed with DOEE at the following address:

**District of Columbia Department of Energy and Environment**

**RFA – Grants  
1200 First Street NE  
5<sup>th</sup> Floor  
Washington, DC 20002**

**Attn: RFA 2019-1913-WPD**

Email an electronic copy, formatted as a .pdf file, to: [DOEE.Mussels@dc.gov](mailto:DOEE.Mussels@dc.gov)

## 2.4 Award Announcement

DOEE expects to notify each Applicant in writing of its award status within six to twelve weeks after the application due date.

## 2.5 Updates and Questions and Answers (Q & A)

Additional information may become available before the application is due. It is the Applicant's responsibility to stay up-to-date on the status and requirements of the grant for which it is applying.

DOEE welcomes questions seeking clarification of matters in this RFA. Questions about the RFA should be sent to [DOEE.Mussels@dc.gov](mailto:DOEE.Mussels@dc.gov) with "RE: RFA 2019-1913-WPD" in the subject line.

DOEE will publish updates and Questions and Answers (Q&A) regarding the RFA at [doee.dc.gov](http://doee.dc.gov). DOEE will also create an email list to send updates and information regarding the RFA. A person can be put on the email list by immediately emailing [DOEE.Mussels@dc.gov](mailto:DOEE.Mussels@dc.gov) with the subject line "RE: RFA 2019-1913-WPD – Add me to the email list."

DOEE will provide the information to those on the email list at the same time the information is uploaded to the DOEE website. Paper copy updates will be available for pickup at DOEE's offices by appointment. DOEE will not mail out updates or Q&A materials.

The cut-off date for receipt of any questions is one week prior to the application deadline.

## 2.6 DOEE Contacts

DOEE can be contacted about this RFA (use the RFA's short name and number whenever possible) by:

- (a) **Emailing** [DOEE.Mussels@dc.gov](mailto:DOEE.Mussels@dc.gov) with "RE: RFA 2019-1913-WPD" in the subject line;
- (b) **In person** by making an appointment with (Josh Burch at (202) 734-9527 and mention this RFA by name); or
- (c) **Write** DOEE at 1200 First Street NE, 5th Floor, Washington, DC 20002, Attention: Josh Burch RE: RFA 2019-1913-WPD on the envelope.

## SECTION 3. APPLICATION CONTENT

### 3.1 Format

Proposals must be formatted as follows:

- (a) Use plain, white, 8 ½” x 11” recycled paper with one-inch margins.
- (b) Applications should be double-sided to the extent possible;
- (c) Limit each project description to 10 double-spaced pages. Budget tables, flowcharts, photographs, the work plan, and other supporting documentation may be attached in addition to the project description
- (d) Staple the application in the top left-hand corner. Do not use a plastic cover or other form of binding.

### 3.2 Proposal Content

DOEE intends to fund a project that will benefit the environment, and, in particular, the environment of the District. The proposal should use the following format and explain, in increasing levels of detail, how the Applicant will accomplish this.

(Note: Before drafting the proposal, please read the project description very carefully to see if there are restrictions for the DOEE grant. For instance, certain activities might be required to take place in the District or the scoring might give extra points to labor sourced in the District.)

#### (a) Cover Sheet

Include a cover sheet in the format specified in Appendix 3. Make certain that the funding amount requested on the cover sheet matches total amount requested in your budget and budget narrative.

#### (b) Project Summary

Provide a brief one paragraph summary that explains the project. This summary is not part of the 10-page proposal limit.

#### (c) Project Description

Organize this 10-page section of your application in accordance with the scoring rubric of section 7 of this RFA. As an exposition to the specific line items in the scoring rubric, state the following at the start of the proposal:

(1) Purpose and Objectives

State how this project will benefit the environment and the specific objectives this project will achieve.

(2) Target Audience

Identify the target audience. Who will this project engage? Who will benefit from the project?

(3) Project Outcomes, Outputs, and Activities

The proposal should connect the funded activities to quantifiable outputs and ultimately desired outcomes. This enables reviewers to evaluate what the proposed project will achieve if funded.

*Activities* are undertaken to achieve the outputs and outcomes. For example, a proposal could request funding to support a tree-planting activity in a city. This activity will yield a quantifiable output.

An *output* is a short-term result achieved as a result of an activity. For example, at the end of the project period, after several sessions of tree-planting, X number of trees will be in the city. This quantifiable output will yield various project outcomes.

A *project outcome* is a medium to long-term result that occurs and/or continues after the project ends. For example, after several sessions of tree-planting activities, this project yielded an output of X number of trees planted in the city. Medium to long-term outcomes of this project include: beautification of the city, increased environmental awareness of residents, and improved air quality.

(4) Methods

Describe how activities will be accomplished.

(5) Measurement of Project Success

Provide quantifiable measurements. For example, a tree planting project might measure the number and kinds of trees planted. A trash removal project might measure the pounds of trash removed. A stormwater project might measure the amount of stormwater captured.

(6) Project Budget

You must submit a numeric budget and a separate budget narrative as part of your application package. For the numeric budget, DOEE strongly urges applicants to use the budget template format provided (Appendix 4). The budget narrative must explain and justify every line item in

the numeric budget. The explanation should be thorough enough to allow a reviewer to understand why expenditure levels were chosen and how the line item amounts were derived. For example: “personnel will be paid \$xx per hour times xx hours.”

If the Applicant seeks an advance payment, it must request advance payment in its proposal and explain why an advance payment is requested. See Section 6.2.

Resources provided by the applicant should appear in the column titled “Non-DOEE Match,” meaning the Applicant intends to provide the indicated resources (i.e., the “match,” and that the resources do not come from DOEE). Entries in this column could include both dollars and the value of the in-kind contributions. For example, in-kind contributions can include staff time, volunteer services, already-paid licensing fees, materials, supplies, and the use of equipment or real estate.

Volunteer hours provided to a grantee or sub-grantee must be valued at rates consistent with those the Applicant’s organization ordinarily pays for similar work, including salary and fringes. If the grantee or a sub-grantee does not have employees performing similar work, the rates must be valued the same as rates ordinarily paid by employers in the same labor market for similar work.

The Applicant must verify that all costs in the budget are allowable.

Typical allowable costs are:

1. Rental of office space, some vehicles, and some equipment;
2. Employee salaries and benefits;
3. Contractor labor, including professional services;
4. Accounting and bookkeeping services;
5. Communications, including telephone and data services;
6. Printing, reproduction, including signage;
7. Materials and supplies;
8. Computers and printers;
9. Small tools;
10. Some field equipment, typically below \$5,000 in value;
11. Postage and shipping;
12. Necessary travel, meals and lodging; and
13. Insurance.

Non-Allowable costs include:

1. Most major equipment, like vehicles;
2. Lobbying, including salaries and overheads and out-of-pocket expenses;
3. Entertainment;
4. Interest payments on loans;

5. Most food; and
6. Land purchases.

DOEE will require documentation for grant payments, and the entire grant will be subject to audit.

**(d) Applicant**

**(1) Organization**

Describe the organization's history, mission, and current or past projects that demonstrate the organization's capacity to achieve the project's goals. This section should be limited to one page. To provide further information, the Applicant can reference its website or attach organizational brochure or resume.

**(2) Key personnel**

Identify the key team members for the project and provide brief biographies or their resumes. The team members can be staff, volunteers or contractors.

**(3) Past performance on District Grants/Contracts**

Identify District agencies from which the Applicant has received funding as a contractor, grantee, or partner in the past five years and provide specific information including:

- The grant(s) or contract(s) title;
- The District agency/agencies;
- The grant number(s), contract number(s), or other identifier(s);
- The amount(s) paid; and
- What was accomplished as a result of the funding(s).

Briefly describe any disputes, investigations, or audits related to any of these District grants or contracts, grants, or partnerships in the past five years.

**(4) Partners**

Sometimes partnerships can improve the success of a project. These partnerships might be with government agencies, nongovernmental organizations (NGOs), companies, or individuals. If a partner is to be involved in the project, the Applicant must describe the partner's involvement and resource commitments. The proposal must identify and attach a letter of support on the

partner's letterhead, signed by an authorized official if the partner is a government agency, NGO, or business entity.

In lieu of a letter, an Applicant may attach an email from the partner (or an authorized official if the partner is a government agency, NGO, or business entity) that states support of the project and identifies the partner's name, address, website, and a contact name, telephone number, and email address.

For the following types of partners, provide the documentation indicated.

i. District of Columbia Public Schools

If the Applicant will work with the District of Columbia Public Schools (DCPS), it must include a letter of support from the principal of each school with which it will work, and, if available, from each participating teacher. Teachers and principals may send a joint letter.

ii. Property Owner

If the Applicant will work on public land, it must submit a letter of support from the managing agency. Similarly, if the Applicant is to work on private land, it must submit a letter of support from each property owner. If the project includes construction or installation, the letter must acknowledge that the property owner will be responsible (either directly or through an agreement with another entity) for project maintenance.

iii. Partnering Organization

If the Applicant has identified a project partner, it must include a letter of intent from the collaborating organization(s) agreeing to participate in the proposed project, describing the partner's involvement and resource commitments, and explaining the activities and/or services the partner will provide. The letter should demonstrate that the partnering organization understands the project presented for funding and the activities and/or services that the partner will provide. The Applicant must submit the partnering organization's Certificate of Good Standing (from the DC Department of Consumer and Regulatory Affairs) and documentation of the partner's tax exempt status.

iv. National Park Service

Projects that would be carried out on National Park Service (NPS) property will require NPS permission. Sometimes the paperwork supporting such permission takes extra time to complete. DOEE will accept more informal statements generated by responsible NPS officials, including emails.

### **3.3 Work Plan**

The application must include a proposed work plan that describes the timeline for project implementation.

### **3.4 Required Documents**

Each of the following documents must be filed as part of the proposal package. If the document is not in this filing, DOEE may classify the grant application as “received” but not “filed,” as specified in Section 2.3. However, if a government agency must issue a required document, and the Applicant has requested the document but not received it, DOEE may accept a copy of the Applicant’s request to the agency for the purpose of deeming the Application “filed.”

#### **(a) Certificate of Good Standing**

Each Applicant must submit a current Certificate of Good Standing from the District Department of Consumer and Regulatory Affairs. DOEE requires that the submitted Certificate of Good Standing reflect a date within a six-month period immediately preceding the application’s submission.

#### **(b) Promises, Certifications, Assertions, and Assurances**

Each Applicant must sign and submit the “Promises, Certifications, Assertions, and Assurances” (“PCA”) in Appendix 2. Signing the PCA is a condition of eligibility for this grant. If the Applicant is not prepared to sign the PCA, it should not apply for a grant. Compliance with the promises, certifications, and assurances in the PCA is a continuing condition of eligibility for this grant.

The PCA must be signed by the Applicant or, if the Applicant is an organization, by a duly authorized officer of the organization.

The PCA also includes a sworn statement verifying that the Applicant is not in arrears (i.e. is “current”) on all obligations outstanding to the District, including all District agencies. The Applicant must be “current” as of the date of the application and the date of a grant award. DOEE requires, as a condition of continuing eligibility, that a grantee stay current on such obligations during the period of the grant.

#### **(c) IRS W-9 Tax Form**

The Applicant must submit a current completed W-9 form prepared for the U.S. Internal Revenue Service (IRS). DOEE defines “current” to mean that the document was completed within the same calendar year as that of the application date.

**(d) Tax Exemption Affirmation Letter**

The tax exemption affirmation letter is the IRS's determination letter of non-profit status. If this letter is not available, then the Applicant should provide its most recent IRS Form 990 tax return, if one was submitted. If no return has yet been filed, the organization can submit its application for tax-exempt status. If the group has a supporting organization with an IRS tax-exempt status determination, then that organization's tax exemption affirmation letter should also be submitted.

**If there is no IRS tax exemption affirmation letter because the organization is a religious organization, then the Applicant may submit the best evidence it can of its status.** Examples of potential best evidence for this purpose include, but are not limited to (i) a letter from the leader of the organization verifying that the organization is a religious group; (ii) a letter from the group's board chair or similar official, verifying that the organization is a religious group; (iii) the Applicant's most recently submitted state sales or other tax exemption form, if it exists (Form 164 in the District of Columbia); or (iv) the state's issued tax exemption certificate or card, if it exists. (*See IRS publication no. 1828, Tax Guide for Churches and Religious Organizations.*)

**(e) Applicant's Current Fiscal Year Budget**

The Applicant must submit its full budget, including projected income, for the current fiscal year, using a format at least as detailed as that presented in Appendix 4. Also, the Applicant should submit a comparison of budgeted versus actual income and expenses of the fiscal year to date.

**(f) Applicant's Financial Statements**

If the Applicant has undergone an audit or financial review, it must provide the most recent audited financial statements or reviews. If audited financial statements or reviews are not available, the Applicant must provide its most recent complete year's unaudited financial statements.

**(g) Separation of Duties Policy**

The Applicant must state how the organization separates financial transactions and duties among people within the organization in order to prevent fraud or waste. This may be a statement that already exists as a formal policy of the organization, or the Applicant may create the statement for purposes of the application. The applicant should state which of these situations apply.

This statement should:

- Describe how financial transactions are handled and recorded;
- Provide the names and titles of personnel involved in handling money;
- Identify how many signatures the financial institution(s) require on the organization's checks and withdrawal slips; and,

- Address other limits on staff and board members' handling of the organization's money.

**(h) System for Award Management (SAM) with federal government**

If a project within this RFA is funded wholly or partially by federal funding sources, applicants for that project must be registered in the System for Award Management at [www.sam.gov](http://www.sam.gov) and provide evidence of this registration as part of its application package to DOEE.

**(i) Partner Documents**

The Applicant must submit the partnering organization's Certificate of Good Standing (from the DC Department of Consumer and Regulatory Affairs) and documentation of the partner's tax exempt status.

## **SECTION 4. Review Panel and Application Scoring**

### **4.1 Review Panel**

This is a competitive grant. The review panel for the RFA will be composed of individuals with knowledge in the areas directly related to the RFA. The review panel will review, score and rank each Applicant's proposal.

The panel will recommend the top scorer for award of the grant.

Review panels vary in size, but typically are made up of three to five people. At least two members of the review panel will be from DOEE staff. Whenever practicable, each panel will include at least one person from outside of DOEE.

### **4.2 Scoring Criteria**

The reviewers score each proposal according to a list of criteria and the points available for each criterion. See section 7 of each project.

The applicant should read the grant description carefully to determine if matching funds or resources are required or if preference points are offered for matching funds.

## **SECTION 5. GRANTEE DOCUMENT REQUIREMENTS**

### **5.1 Submissions If Applicant Will Receive the Grant**

Upon acceptance of a grant award, the Grantee must provide the following documents.

#### **(a) Certificate of Insurance**

The Grantee shall submit a certificate of insurance giving evidence of the required coverage outlined in Appendix 1, General Terms and Conditions. DOEE will presume that the budget covers the cost of this required insurance and will not later adjust the grant award for this amount.

#### **(b) Assurance of Continued Truth and Accuracy**

Upon acceptance of the grant award the Grantee shall notify DOEE of any changes that may have occurred to its organization since the time of submission of its original application. See also Section 1.6.

## **SECTION 6. FILING REQUIREMENTS GENERAL PROVISIONS**

### **6.1 Reporting Requirements**

The grantee must submit the following reports as a condition of continuing eligibility for funding.

#### **(a) Quarterly Status Reports**

DOEE will provide a quarterly status report template with the grant award. These reports, which discuss grant activities for the preceding quarter, will be due on each of the following dates.

Quarter 1 (January - March):	April 15
Quarter 2 (April - June):	July 15
Quarter 3 (July - September):	October 15
Quarter 4 (October - December):	January 15

If a report's due date falls on a weekend or District holiday, the report will be due the next business day.

The report must detail: actions taken in the quarter preceding the report date, highlight outputs achieved, provide a financial update, and describe unforeseen changes to project timetable, staffing, or partnerships, as well as any other changes that may affect project outcomes.

#### **(b) Final Report**

DOEE will provide a final report template with the grant award. This report includes quantification by the grantee of the project's outputs and describes the extent to which project outcomes met or will meet the objectives of the funded proposal. The template requires submission of data and analysis of the data.

### **6.2 Reimbursement of Project Expenditures and Disbursement of Funds**

DOEE will not reimburse the Grantee for any work undertaken before DOEE notifies the recipient of the final award of the grant.

DOEE will reimburse the Grantee only for expenditures incurred to perform work under the grant. In limited cases, DOEE may advance funds at the beginning of the grant period for good cause approved by DOEE at its sole discretion. If the Applicant seeks an advance payment, it must request such payment in its proposal and explain why an advance payment is being requested.

DOEE operates on the District's fiscal year, which starts October 1 of a calendar year and ends September 30 of the next calendar year. The grantee may submit a reimbursement request or an

invoice at any time during the fiscal year for work performed within that same fiscal year. Each request/invoice must include supporting documentation.

Reimbursements will be mailed to the address on file for the grantee. DOEE may make electronic payments in lieu of mailing checks. DOEE generally pays grant invoices 30 days after DOEE receives them.

DOEE will withhold the final 10% invoiced under a grant until all required activities have been completed, including receipt of the final report.

## **SECTION 7. PROJECTS PROPOSED FOR GRANT FUNDING**

### **7.1 Summary: Project Title and Available Funds**

#### **Project Name**

Mussel Restoration

#### **Introduction**

The Anacostia River and its tributaries formerly had a healthy population of freshwater mussels that helped to filter water in the streams and river while also providing food for animals living on the river. Due to urbanization and poor water quality conditions the mussel populations plummeted. Recent efforts to clean the River and restore tributaries have created conditions where mussels can survive once again.

DOEE's preliminary research indicates that a stable freshwater mussel population in the District's portion of the Anacostia watershed could reasonably yield annual reductions in the following pollutants, at roughly the following levels: nitrogen pollutant load by 25 pounds; phosphorus pollutant load by 25; sediment by 100 pounds.

DOEE has received a multi-year grant from the National Fish & Wildlife Foundation (NFWF). A summary of DOEE's approved proposal is available as an attachment to this RFA. Now DOEE seeks proposals from an entity, or team, to carry out NFWF grant work.

This project aims to increase native freshwater mussel populations, expand youth education activities about the ecosystem services of mussels, improve water quality conditions, and develop a native freshwater mussel restoration plan for the District.

#### **Project Period**

The grant will run from the date of award execution, until September 30, 2020. The project period could be extended for up to three (3) additional years, subject to the availability of additional funds, the quality sub-grantee's performance, and DOEE's judgment of the value of the results. Total available funding for the initial project period is discussed below.

#### **Available Funding**

\$400,000

#### **Project Description**

There are four components to this grant: mussel introduction and study; education; long term planning; and a media and outreach strategy.

The grantee should introduce at least 35,000 native freshwater mussels to the Anacostia River and at least two tributaries, all within the District of Columbia. In order to undertake the work,

the grantee will need to propose, and receive approval for, a Quality Assurance Project Plan (QAPP). The QAPP will need to meet requirements of 40 CFR 30.54 and 31.45. DOEE, and therefore the grantee, will need to receive QAPP approval from the National Fish & Wildlife Foundation

The grantee will select locations suitable for mussel survival. DOEE staff have tentatively identified as desirable locations: Kingman Lake; Nash Run; and Watts Branch. The proposal should address the key criteria for determining the locations' suitability. DOEE is interested in determining (a) the mussels' capacity to filter pollutants out of the water column, and (b) locations that will allow reasonable access for the study.

The applicant should propose a monitoring plan and how the plan will best help DOEE understand mussels' ability to filter Anacostia River water.

The grantee is expected to provide periodic reports, and a final project report. The grantee should document the project with ample photos or videos. DOEE is interested in visual records of the key project activities, including mussel bed/cage establishment, monitoring, and educational activities. Electronic photos must be high resolution.

The applicant should propose how it will complement the scientific study with youth education. The applicant should describe an educational program for at least 400 District youth, focused on the ecosystem services that freshwater mussels can provide, and watershed health, protection and restoration. The proposal should assume that the educational program will coordinate and collaborate with DOEE's Aquatic Resources Education Center (AREC).

The grantee will be expected to develop a five-year native mussel freshwater restoration plan. The plan will be based on lessons learned during the study period. The plan should propose measures applicable to all District waterways, with a goal of generating a stable freshwater mussel population in each suitable waterway.

The applicant should propose a plan to develop a media and outreach strategy in partnership with DOEE. The strategy should be finalized within about two months of the grant award date. The grantee will manage the strategy. One component should be a live mussel exhibit at the DOEE-managed Aquatic Resources Education Center, so that visitors can view the creatures. The exhibit should include information on biology, the execution of the project, and results.

### **7.3 Project Outcomes, Outputs, and Deliverables**

#### **Project Outcomes**

1. Increase native freshwater mussel populations to stable levels;
2. Reduce the amount of nitrogen pollutant load by 25 pounds annually;
3. Reduce the amount of phosphorus pollutant load by 25 pounds annually;
4. Reduce the amount of sediment by 100 pounds annually; and

5. Increase District young people’s knowledge about the importance of mussels to watershed health.

**Project Outputs**

1. Introduction of at least 35,000 native freshwater mussels of the Eastern elliptio, alewife floater, and the Eastern pond mussel varieties to the District’s portion of the Anacostia watershed.
2. At least 10 new mussel beds or baskets in Kingman Lake, at least six (6) in the Watts Branch tributary, and at least four (4) in the Nash Run tributary.
3. At least 400 young people educated annually on the importance of freshwater mussels to the health of DC's waterways.
4. Regular reports on the effectiveness of the established freshwater mussel populations’ ability to filter pollutants from the water column.
5. A native freshwater mussel restoration plan for the District.

**Deliverables**

1. A Quality Assurance Project Plan, one that NFWF determines to meet federal requirements.
2. Newly developed freshwater mussel beds.
3. Reports on the grant, including a final report on the effectiveness of the beds’ pollution removal.
4. A five- year District freshwater mussel restoration plan.
5. A media and outreach strategy document, and related public information materials.
6. Documentation of the 400 young people educated about freshwater mussels during the project period.
7. A live mussel exhibit at the Aquatic Resources Education Center.

**Proposal Scoring**

All proposals will be scored according to the criteria below.

<b>Scoring Criteria</b>	<b>Points</b>
Applicant’s budget and budget narrative communicate a reasonable project.	15
Applicant’s team shows substantial knowledge, training, education and experience to implement the scientific and logistical aspects of the freshwater mussel restoration effort, including research, QAPP development and adherence, installation/planting, and monitoring of impact.	25
Applicant is likely to succeed in executing an environmental education program because its team shows substantial knowledge, training and education for the educational work.	15
Applicant presents a program that will likely educate 400 young people as part of the grant work.	5

Applicant proposes an overall, detailed, project proposal that appears likely to succeed.	20
Applicant is likely to realize its plans on time and within budget.	10
The public information campaign, including the AREC presentation, appears to be both doable and creative.	10

## SECTION 8. CHECKLIST FOR APPLICANTS

<p>Instructions for applicants: Ensure that the answers to all of the questions below are answered. In the column to the right, indicate Yes, No, or NA for not applicable. Include this completed document with application submission.</p>		
1.	Is the cover sheet (appendix 3) completed and signed – and included as part of the application?	
2.	Is a Table of Contents included in the application?	
3.	Is the applying organization eligible for funding from DOEE according to section 1.6 of the RFA?	
4.	Is the proposal formatted in accordance with section 3.1 of the RFA?	
5.	Does the proposal include a project description and all of the information required of the scoring rubric outlined in section 7 of the RFA?	
6.	Is a numeric budget, <b>and</b> budget narrative justifying each line item, included in the application?	
7.	Do the line items in the proposal budget consider the allowable and non-allowable costs in section 3.2 of the RFA?	
8.	Does the application package include the first page and signed last page of the DOEE Promises, Certifications, Assertions, and Assurances?	
9.	Does the application package include a Certificate of Good Standing that reflects a date within 6 months of the deadline date?	
10.	Does the application package include IRS W-9 Tax Form?	
11.	Does the application package include a Tax Exemption Affirmation Letter?	
12.	Does the application package include the applicant’s current fiscal year budget?	
13.	Does the application package include the applicant’s most recent	

	audited financial statements?	
14.	Does the application package include a Separation of Duties Policy as described in section 3.4.g. of the RFA?	
15.	Is the applicant registered in the System for Award Management (SAM)?	
16.	If applicable, does the application package include letters of support from other entities?	
17.	If applicable, does the application include resumes of key personnel mentioned in the proposal?
