Goal

Target

Action 1

Action 2

Energy Goal 1: Improve the efficiency of DC-wide energy use to reduce overall consumption

Energy Target 1: By 2032, cut per capita energy use DC-wide by 50%

EN1.1: Expand regular tracking and disclosure of energy performance.

EN1.2: Establish and Building Energy Performance Standard for existing large buildings.
EXAMPLE ACTIONS

• **Energy 1.5**: Launch a citywide educational and behavioral campaign to lower citywide energy use and expand awareness of the District’s resources for efficiency and renewable energy.

• **Food 4.4**: Educate residents and food related businesses on proper buying, storing, and disposing of food to minimize waste.

• **Nature 3.4**: Provide informational resources on backyard wildlife habitats, native plant gardening, container and vertical gardening, and creating pollinator habitats.

• **Transportation 3.1**: Encourage carpooling and carsharing.

• **Water 1.3**: Provide education on how people can reduce stormwater pollution through good housekeeping, vehicle maintenance, proper lawn care, and pet waste management.
PRIORITY COMMUNITIES

Priority communities:

1. People of color
2. Residents of Wards 7 and 8
EXISTING RESOURCES

1. Data from 3,000 surveys
2. 4 focus groups
   1. 1 citywide
   2. 2 in Wards 7 & 8
   3. 1 Limited English Proficiency
3. Data from phone survey of 800 residents
4. Sustainable DC past outreach materials on resident actions and incentives
DOEE seeks eligible entities to propose ways to **develop and implement action plans for District residents** to support the Sustainable DC 2.0 Plan. These action plans are to be developed **based on input from residents** and community partners, and coordinated with existing incentives.
A set of actions relevant to District residents, particularly people of color, who will participate in the District’s reaching its sustainability goals, including such as reducing energy consumption and greenhouse gas emissions.
1. A collaborative project work plan and schedule
2. Scripts/outlines, agendas, and materials for each community meeting (to be facilitated by grantee)
3. Community meetings focused on gaining insight to the needs and experience of at least 50 residents
4. A set of actions supporting Sustainable DC 2.0 for residents to take. At least one of these actions must directly relate to green building, such as reducing energy consumption.
5. Implementation plan for at least one action from the Sustainable D 2.0 Plan
6. Final recommendations resulting from the project
