BEPS PROGRAM TIMELINE

- BEPS Cost/Benefit Study broken down into 2 parts. Part 1 working through approval process.

POTENTIAL OPTIONS FOR FUTURE OF TASK FORCE

- **Option 1:** Transition to public engagement model (will happen regardless)
 - DOEE will continue to convene public meetings for advisement on BEPS Program
 - No formal standing body to advise on topics
 - Topics will be based on needs of DOEE + requests from the public
- **Option 2:** Absorption into other body
 - GBAC will establish dedicated committee that will advise on BEPS Program
 - Will be charged with providing input on future of BEPS Program (GHG Study, BEPS Period 2, etc.), reference point for decisions related to the program, advisement fringe cases
- **Option 3:** Ad-hoc meeting of existing body
 - Can continue to convene as needed
 - Would need to replace some of the empty seats
 - Charge would just be focused on “Recommend complementary programs or policies”

Tentative Agenda Items

- Future of Task Force continued
- Cost/benefit study
- Compliance Guidebook presentation
- Public Service Commission updates – as needed
- Complementary program evaluation; Pathway review session
