

LEAD PIPE REPLACEMENT ASSISTANCE PROGRAM

The Lead Pipe Replacement Assistance Program (LPRAP) provides relief for DC residents that have lead or galvanized pipes on their private property and non-lead pipes in the public space.

While every property owner can receive 50% of costs covered, not to exceed \$2,500, regardless of income, households below 100% Area Median Income (AMI) qualify for the District to cover 100% of costs, subject to a reasonable cap.

Income Guidelines for FY22

(beginning October 1, 2021)

Below are the income limits if you choose to apply for the income-eligible program:

Household Size	Annual Income (100% AMI)
1	\$90,300
2	\$103,200
3	\$116,100
4	\$129,000
5	\$139,300
6	\$146,600
7	\$160,000
8	\$170,300

How do I determine if I am eligible?

1. Go to dcwater.com/leadmap and search for your address in the Service Line Map.
2. If your private side pipes are lead or galvanized but the public space pipes are not, shown on the map with this half green and half gray circle  you are eligible for this program.

How do I apply?

You can apply online, by email, or through the mail:

- Apply online at: doee.dc.gov/service/leadlinereplacement
- Email your application and documentation to leadline.replacement@dc.gov
- Mail your application and documentation to:
District Department of Energy & Environment
Attn: Lead Pipe Replacement Assistance Program
1200 First Street NE, 5th Floor
Washington, DC 20002

What documents do I need to apply?

- Household's most recent DC Water bill;
- Property owner's photo identification;
- Proof of property ownership; and
- Proof of income for each member of the household (if seeking approval for the income-eligible program).

What are the next steps in the process?

1. After a Homeowner submits an application with the required documentation, the DOEE will process the application and determine the assistance level.
2. The DOEE will then notify the Homeowner of the level of assistance they qualify for and send the applicant DC Water's Contractor List.
3. The Homeowner will choose a Contractor from the Contractor List to perform the replacement.
4. The chosen Contractor will then submit a Cost Proposal, with the Homeowner's signature, to DC Water for review.
5. Once DC Water recommends approval for the Cost Proposal, the DOEE will send the Homeowner a Benefit Confirmation Letter detailing next steps.
