*An additional alley beyond the original SOW is under design in-house.

**Design Start/End**
November 2016 – May 2018

**Construction Start/End**
March 2019 – January 2020

**Additional Scope:**
- early 2021 (est)
- mid 2021 (est)

### Objective
To manage stormwater with a series of low impact development (LID) stormwater capture technologies in the public right-of-way.

### Outputs
- Designs and permits
- 22 best management practices (BMPs) comprised of 2 green alleys, 20 bioretention basins and a permeable pavement parking lane

### Sewershed
- MS4

### Watershed
- Rock Creek

### Subwatershed
- Pinehurst Creek

### Ward
- 4

### Outcomes*
