

DEPARTMENT OF ENERGY & ENVIRONMENT WATERSHED PROTECTION RESOURCES AND PROGRAMS

GRANT PROGRAMS

Clean Water Construction Program funds the design and construction of voluntary stormwater green infrastructure and habitat restorations that help to improve District water quality. \$40,000 - \$1,800,000 per project is available.

Who? Nonprofits Organizations, Government Agencies, Faith-based Organizations, Universities/ Educational Institutions, and Private Enterprises

When? November | **Questions?** Contact Jonathan Champion; Jonathan.Champion@dc.gov; 202-535-1722

Community Stormwater Solutions Grants funds community-oriented projects that improve water quality, raise awareness, and achieve behavior change about what citizens can do to restore our rivers, streams, and parks. Up to \$20,000 per project is available. Multiple projects awarded.

Who? Nonprofits Organizations, Faith-based Organizations, Universities/ Educational Institutions, and Private Enterprises

When? November | **Questions?** Contact Emily Rice; Emily.Rice@dc.gov; 202-535-2679

Green Zone Environmental Program (GZEP) Watershed Protection Projects funds hands-on activities and curriculum that restore District water bodies and raise awareness about the impacts of stormwater runoff on the District's watersheds. The projects are carried out with DOEE's GZEP, which provides paid training and work experiences to approximately 350 teenagers and young adults ages 14-24. \$15,000 per project is available. Multiple projects awarded.

Who? Nonprofits Organizations, Faith-based Organizations, Universities/ Educational Institutions, and Private Enterprises

When? January | **Questions?** Contact Emily Rice; Emily.Rice@dc.gov; 202-535-2679

Innovative LID Grant funds low impact development or green infrastructure projects that retain and treat stormwater. Projects in the MS4 area receive priority. \$100,000- \$500,000 per year available in total. Multiple projects awarded.

Who? Nonprofits Organizations, Individuals, Faith-based Organizations, Universities/ Educational Institutions, and Private Enterprises | **When?** Spring | **Questions?** Contact Stephen Reiling; Stephen.Reiling@dc.gov; 202-442-7700

RiverSmart Communities Demonstration funds 100% of the cost to install green infrastructure on eligible properties. Projects are selected through a competitive review process focused on environmental benefits of the project, plan for community engagement, and project cost effectiveness and feasibility. \$20,000-\$30,000 per project is available.

Who? Nonprofits Organizations and Faith-based Organizations | **When?** Spring

Questions? Contact Andy Oetman; Andrew.Oetman@dc.gov; 202-535-1735

RiverSmart Schools funds design, installation, professional development, and curriculum development of schoolyard greening projects. Up to \$300,000 is available.

Who? District of Columbia Public Schools, Charter Schools, and Private Schools | **When?** October

Questions? Contact Patricia (Trinh) Doan; Patricia.Doan@dc.gov; 202-535-1653

Stormwater Retention Credit (SRC) Aggregator Startup Grant funds SRC aggregators to design green infrastructure practices, typically across multiple sites, through technical and outreach work. Projects must occur in the MS4 area. \$75,000 per organization is available.

Who? Organizations who want to form an SRC-generating business | **When?** Anytime

Questions? Contact Matthew Espie; Matthew.Espie@dc.gov; 202-715-7644

RESOURCES FOR PROPERTY OWNERS

Large Parcel Tree Planting funds 100% of design and implementation of large-scale tree plantings for properties throughout the District.

Who? Nonprofits Organizations, Faith-based Organizations, and Private Enterprises | **When?** Anytime

Questions? Contact Jim Woodworth; James.Woodworth@dc.gov; 202-535-2244

Stormwater Retention Credit (SRC) Site Evaluation Program funds free technical assistance to evaluate green infrastructure opportunities on sites of at least 0.5 acres in the MS4.

Who? Property owners | **When?** Anytime | **Questions?** Contact Matthew Espie; Matthew.Espie@dc.gov; 202-715-7644

RiverSmart Homes is a program that offers incentives to homeowners interested in reducing stormwater runoff from their properties. Homeowners receive a free stormwater audit, which determines their eligibility for subsidies to adopt one or more landscape enhancements including: rain barrels, shade trees, rain gardens, and BayScaping with a co-payment of \$50-\$100 for each enhancement.

Who? District homeowners | **When?** Anytime

RiverSmart Permeable Surface Rebate Program provides rebates for property owners who voluntarily remove impervious and compacted surfaces and replace them with permeable pavement and/or vegetation. \$5-\$10/sq. ft. rebate depending on if in MS4 area.

Who? District property owners | **When?** Anytime

RiverSmart Rain Barrel Rebate Program provides rebates for property owners who purchase and install rain barrels or cisterns. Up to \$1,000 per property is available.

Who? District property owners | **When?** Anytime

RiverSmart Rain Garden Rebate Program provides rebates for property owners who install rain gardens. Up to \$2,000 per property is available.

Who? District property owners | **When?** Anytime

RiverSmart Rooftops Rebate Program funds rebate for property owners who voluntarily install green roofs. \$10-\$15 / sq. ft. rebate depending on if in MS4 area.

Who? District property owners | **When?** Anytime

RiverSmart Trees Rebate Program funds rebate of \$50 or \$100 to individuals who purchase and plant trees on private residential or commercial property.

Who? District property owners | **When?** Anytime
